

Scientist Involvement in Education and Public Outreach: Making the Case

List of Slide Titles

1. Title Slide: Scientist Involvement in Education and Public Outreach: Making the Case
2. NASA/NSF Scientist Involvement in EPO
3. NASA/NSF Scientists Increase EPO Involvement
4. Goldin Advocates EPO Involvement
5. Colwell Advocates EPO Involvement
6. NASA & NSF Advocate EPO Training for Scientists
7. The Need for Improvement - TIMSS
8. The Need for Improvement - Seasons
9. The Need for Improvement - Kansas
10. Scientists Rise to the Occasion in Kansas
11. National Science Education Standards
12. Importance of Partnerships - Alberts
13. What Scientists Can Contribute
14. Modern Science Education Reform
15. Doing Science: Teaching Science
16. Comparing Approaches to Teaching
17. Variety of EPO Roles for Scientists
18. A Sampling of Roles for Scientists in Education
19. Nature of EPO Roles for Scientists
20. Classifying Scientists in EPO
21. Education Pyramid
22. A Conceptual Framework for EPO Planning
23. Defining Formal Education
24. Defining Informal Education
25. Defining Public Outreach
26. Defining Marketing
27. Defining News Media Support
28. Three C's for Partnerships with Educators
29. Ideas to Get Started in EPO
30. Conclusions
